MY LIFE'S WORK

Weird science

Our favorite mad scientists, Adam Savage and Jamie Hyneman from the Discovery Channel's MythBusters program, tap Evernote to bring robotic arachnids to life.

NEW FEATURES

Work Chat, Context unveiled at annual Evernote conference

Learn about Context, a new feature coming this fall that will bring relevant content from colleagues and external sources such as The Wall Street Journal straight into your workflow. We're also introducing Work Chat, which will allow you to communicate and collaborate more effectively right in Evernote.
